

	Groundwater Conjunctive Use	Storm Water Capture and Reuse	Recycled Water	Desalination	Water Conservation
<b>Policies</b>	1) Legislative Intent: Water Code section 10750.	1) Legislative Intent: Water Code section 10560 2) State Water Board Strategic Plan. Principle/Value: Sustainability (2005). 3) Policy for Implementation and Enforcement of the Nonpoint Source Pollution Control Program (May 2004).	1) Legislative Intent: Water Code section 461 and 13576 2) Recycled Water Policy (adopted 2009) 3) Reports on Constituents of Emerging Concern prepared by expert panel under contract with SCCWRP 4) Recycled Water Policy Amendment to incorporate recommendations from expert panel related to monitoring for CEC related to human health.	1) Legislative Intent: Water Code sections 12946 and 12947. 2) Developing amendment to the Ocean Plan (Desalination Policy) to address issues associated with desalinization facilities, and brine discharge disposal.	1) Legislative Intent: Water Code sections 100, 275, and 10608.
<b>Planning</b>	1) Draft Chapter In California Water Plan Update being prepared by the Department of Water Resources 2) Statewide Groundwater Strategic Workplan (expected Feb 2013). 3) AB2222 Report to Legislature on Communities that Rely on Contaminated Groundwater (expected this year). 4) Report to Legislature on nitrate contamination in groundwater and recommended actions in the Tulare and Salina's Basins (expected this year).	1) A Review of LID Policies: Removing Institutional Barriers to Adoption - Report done in 2007. 2) Incorporation LID language into the Region's Standard Urban Stormwater Plan (SUSUMP) requirements (ongoing, several regions already done so). 3) Nonpoint Source Program Plan. 4) Stormwater Management Plans.	1) Draft Chapter of the California Water Plan being prepared by the Department of Water Resources. 2) Municipal Wastewater Recycling Survey (2009). 3) Salt/Nutrient Management Plans required per the Recycled Water Policy.	1) Draft Chapter of the California Water Plan Update being prepared by the Department of Water Resources 2) Mitigation and Fees for the Intake of Seawater by Desalination and Power Plants - Report completed on 3/14/12.	1) Draft Chapter of the California Water Plan being prepared by the Department of Water Resources 2) 20x2020 Water Conservation Plan (multi-agency; Feb. 2010).
<b>Permits</b>	1) General WDRs for Aquifer Storage and Recovery projects (2012) 2) Various Water Right orders authorizing ASR projects (i.e., <a href="http://swrcb2.waterboards.ca.gov/ewrims/wrims-permits/p020808b.pdf">http://swrcb2.waterboards.ca.gov/ewrims/wrims-permits/p020808b.pdf</a> regarding the Carmel River and Seaside Ground Water Basin)	1) NPDES-stormwater permits: municipal (scheduled for State Board consideration December 2012), industrial (expected early 2013), construction (amended 2012), Caltrans (2012). 2) Incorporation of LID practices into statewide permits	1) Statewide General Permit for Landscape Irrigation Uses of Recycle water (July 2009) 2) R7 has a Regional General Order of Discharge of Recycled Water for Golf Course and Landscape Irrigation (1997). 3) Numerous Water Right Waste Water Change Petition Orders, i.e., Order 94-07 (El Dorado Irrigation District) regarding changing the point of discharge from a WWTP.		Various Water Right Orders including Decision 1600 (Imperial Irrigation District), Water Right Order 95-10 (Cal-Am Water Company in Monterey County), and Water Rights Order 2009-0027 (Sonoma County Water Agency)

<b>Funding</b>		Division of Financial Assistance funds implementation of stormwater capture and re-use, and LID projects through several grant programs (Prop 40 and 84 Stormwater, Clean Beaches, Santa Monica Bay Restoration, etc.)	1) Water Recycling Funding Program (WRFP) provides financing and grants. Very limited funds available. 2) Clean Water State revolving Fund (CWSRF) provides financing for water recycling facilities.		
<b>Monitoring and Assessment</b>		1) DWQ land use database that includes LID techniques. 2) CA Water and Land Use Partnership (CaWaLUP).			
<b>Training/Education</b>		The Training Academy provides advocacy and outreach to local governments.
